

AMENDMENTS TO THE CLAIMS:

This listing of claims will replace all prior versions, and listings, of claim in the application.

Claims 1-8 (canceled)

Claim 9. (Previously amended) A chain saw in combination with a device for braking a motor shaft within the chain saw, said device comprising a brake band that at least partially surrounds an area of the motor shaft, and at least one guide component that cooperates with the brake band and holds the brake band in its axial position, wherein the brake band comprises at least one projection formed as one piece with the brake band.

Claim 10 (canceled)

Claim 11. (Previously presented) The device of claim 9, wherein the at least one projection is a bulge of the brake band.

Claim 12. (Currently amended) The device of claim 9, wherein the brake band is in the form of a loop having a radial work path, and wherein the at least one projection comprises an outside diameter, and wherein the outside diameter of the at least one projection is greater than the sum of the outside diameter of the loop plus the radial work path of the loop.

Claim 13. (Previously amended) The device of claim 18, wherein the guide component is attached to the housing.

Claim 14. (Previously amended) The device of claim 18, wherein the guide component is formed in one piece with the housing.

Claim 15. (Previously amended) The device of claim 18, wherein the housing comprises at least one radial recess for receiving the projections.

AMENDMENTS TO THE DRAWINGS:

We submit herewith formal drawings of Figures 1-8, addressing the points raised in PTO-form 948, dated December 16, 2002. With the exception of Figure 7, the formal drawings are virtually identical in substance to the drawings originally filed, but have been cleaned up and have corrected margins. Figure 7 is amended to delete an erroneous arrow that was located at the bottom right of the figure. This arrow had no significance, and was deleted in order to avoid confusion.
